

I want the Do Not Call list and all requirements of businesses to remain as written. I do not want it to change, as requested by the banking industry. If I decide to cancel credit cards, change banks, etc., that is MY CHOICE and I should NOT have to receive telephone solicitation calls for the next 18 months (as proposed) from the businesses with whom I have cancelled. Solicitation calls for 18 months is an invasion of my privacy. The Wisconsin DO NOT Call program is working in our state, so don't tamper with it.
